Black and White Flashcards

Use and Copyright

We hope these illustrations and Word templates will help you produce your own teaching materials in your own language and dialect.

These printed materials and the accompanying CD of electronic versions are copyright of the Yukon Native Language Centre and the Council of Yukon First Nations. They are to be used for making native language teaching materials only. Where practical, please acknowledge YNLC copyright on your materials.

The original illustrations were drawn by a large number of different artists over many years.

Images

The electronic images on the CD are all 1.5 inch grayscale jpegs. They should be simple to open and import into Word or other documents. They can be used to make listening exercises, tests, cards for language games, etc.

The image names are listed on pages 3-24, and then the printed images are shown in the same order.

You will find that there are occasional duplications. For example, the image *pulling sled, one dog* is found in the category *Nature - Animals - Dogs* and also in *Outdoor Equipment & Activities - Camping & General*.

Enjoy!
